About Me
I am a graduate of the Art Teaching Department at university. After working as a graphic designer for various companies, I expanded my expertise to include web design and programming. For the past three years, I have been creating mobile applications. I am married with one son. I lived in Ukraine for over 10 years but moved to the UK with my family after the war in April 2022. I currently hold a residence permit and a work permit, which is *valid until December 31, 2024*.
